

STEPS FOR PURCHASE OF VOICE MESSAGES AND VIGNETTES

1. Click the "BUY NOW" red button on Dr. Ghoul's website by the item you want to purchase.
2. This will take you to Dr. Ghoul's Bandcamp Website, which is a secure website that allows easy purchase of music, voice messages, vignettes, and merchandise.
3. If you want to purchase the entire digital album of voice messages and/or vignettes, then you will click "BUY DIGITAL ALBUM" towards the top left of the Bandcamp website.
4. You will then have an option to check out immediately with Paypal or Credit Card, or if you want to purchase more items, you can click "Add to Cart" which will add it to your cart and return you to the Bandcamp page.
5. If you want to purchase a single track or message, then you will hover your mouse over the track you would like to purchase, which will then bring up a "buy track" option for each track. Click the "buy track" link to purchase that single track/message.
6. Once you click the "buy track" option, it will take you to a Bandcamp page dedicated solely to that individual track/message. To purchase, you will click on "Buy Digital Track".
7. Again, you can check out immediately by clicking "Check out with Paypal" or "use Credit Card". If you want to purchase more items, click "add to cart".
8. Once you click "add to cart" for both options, you will return to the item you just purchased. To find more of the vignettes and/or voice messages, do not click the "Back" button. Instead, you will click on "audio" towards the top left of the website page, which will take you to all of the audio options. If you want to purchase merchandise, you will instead click "merch" at the top left of the website page, which will take you to all merchandise options.
9. When you are ready to checkout, you can click on the "cart" icon at the top right of the website at any time, or you can click the green "Check out" button on the righthand side of the website.
10. You will then follow the checkout instructions, and once purchase is complete, then your digital downloads will be available immediately for download, which Bandcamp will provide you as an option on the checkout page once purchase is complete. If you ordered merchandise, the order will be processed and shipped according to the descriptions provided for each merchandise item.
